Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure. This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Borhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now

offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged. It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally, instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor

REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING MAY 26TH, 1859.

Lumber, # M.,..... 0 00@6 00 7 00 @ 8 00

TURPENTINE .- The arrivals during the week just ended have been unusually small, being scarcely sufficient for distilling purposes, in consequence of which the market has ruled steady. This morning an advance of 10 cents was obturned back to its former color, (black.) At this time it is tained on yellow dip; other qualities remain the same, but fully restored to its original color, health and appearance, virgin closes dull at \$4. We quote sales for the week of

only 1,133 bbis., as follows: Virgin. Yel. Dip. 63.....\$4 00.....\$2 75.....\$1 75 $180, \ldots, 4 00, \ldots, 2 75, \ldots, 1 75$ 197...... 4 00..... 2 75...... 1 75 348....... 4 00...... 2 85....... 1 75 SPIRITS TUBPENTINE-Since our review of Thursday last for scrape. the market has been in an unsettled condition, and the price has declined 14 cent on former quotation. This morning sales have been made at 46 cents, at which it is quiet. Sales for the week reach 1,798 bbls., as follows:

Rosin-During the week just ended the market for Pale but we note a moderate supply in first hands. We quote sales for the week at about 1,700 bbls., at prices ranging from \$3 50 to \$1 50 \$7 bbL, as in quality, and half price for opaque-the highest figure being for an extra article. For No. I there has been a light demand, and the sales reach to be in good working order when delivered. The Agent only 390 bbls. at \$2 to \$2 50 for low grade, and \$3 50 \$2 bbl. for fine. For No. 2 the market has ruled inactive, and no transactions reported; nominal at \$1 35 to \$1 50 @ bbl.-The Common article has ruled quiet at about former prices; but little arriving, and there is only a small stock in first hands, nearly all of which is kept out of market for higher prices. Sales as follows: Thursday, 325 bbls. at \$1 30 % 310 fbs.; Saturday, 100 do. at \$1 25 for large size bbls.; and Tuesday, 1,000 do. at \$1 30 \$310 lbs.

TAR-Has been in fair enquiry throughout the week, and shows a further advance of 5 cents. The receips comprise finding ready sale on arrival at this figure.

BEEF CATTLE AND SHEEP .- None of either description has been received during the past week or two, in the abers have not sufficient stock on hand for their immediate, wants. We note a brisk demand, and a few droves o in quality.

BARRELS-In the market for empty Spirits Turpentine barrels we have no change to report. There has been merely a limited demand for some weeks past, and in the absence of sales worthy of note the supply in first hands is Spirits Turpentine 1,306 and time.

small lot sold on Friday last at 101 cents for strict middling, and 107 cents for good middling; no sales since reported .-We refer to our table for quotations. CORN MEAL-Continues to be brought in sparingly from the country; there is only a light supply on market, and we notice a moderate enquiry. The sales have been con-

fined to small parcels from the granaries at \$1 15 a \$1 20 39

bushel, as in quantity. FLOUR .- After closing our report on Thursday last the advices from abroad reported a decline in the price of this artiele, which caused a depression in the market here, and it ruled inactive, with small sales on Friday and Saturday at \$7 50 for superfine-being a decline of 124 cents on previous sales. On Monday, a few parcels were offered at above figure, without finding buyers; the demand from speculators appears to have become checked, and retailers are purchasing only in quantities sufficient for their immediate uses .-The receipts per railroad have been small, but we note a moderate stock in dealers hands. The market closes in a drooping condition, and a lot of any size would not command

\$7 50 for superfine. We refer to our table for prices. GRAIN.-In the CORN market there has been less activity than noted in our last, the advices from abroad not being as favorable as was anticipated, in consequence of which dealers are not disposed to operate at previous quotations. One cargo of 1,600 bushels was received from Hyde county on Tuesday, and changed hands on terms not made public-believed at about \$1 per bushel. Another of 1.500 do. received on Wednesday, but not sold; one or two lots have also arrived per railroad, and gone into store. We quote cargo price at \$1 a \$1 02 per bushel, but would remark that a prime article might command prices a shade higher .--- OATS--- We have no change to make in this article. None received for some time, and the stock on market has become nearly worked off; in moderate demand at quotations in table. -Peas.-The market remains without alteration. Dealers have a moderate stock of Cow at present in store, and the demand is not so brisk as previously noted; parcels find ready sale, however, at \$1 to \$1 05 per bushel. ----- RICE .-The market is poorly supplied, and with a fair enquiry from 114 the trade has ruled firm. We quote at 47 a 5 cents per lb., as in quantity and quality.

HAY .- The receipts for several weeks past have been quite small, and in consequence the stock of both Northern and Eastern has been materially reduced. The last sale of the former was at 85 cents \$\mathbb{H}\$ 100 lbs.; there seems, however, to be but a light demand from dealers at the above price .-No sales since last review, and quotations are merely nomi-

LIME. - The market is at present very well supplied, and we note only a limited demand. No arrivals, and the sales have been confined to small lots from store at \$1 to \$1 10 \$2

MOLASSES .- For Cuba the market has ruled firm since our last, and the price has gone up 1 a 2 cents on previous quotations-closing with a further upward tendency in prices. No receipts for two or three weeks past, in the absence of which the stock in first hands has become rather light; it is, however, fully sufficient for the demand. We quote from store and wharf at 26 a 27 cents # gallon in hhds , as in

POTATOES .- New crop Irish have begun to arrive quite freely, and sell from carts at \$1 50 @ bushel, in lots to suit. Old are decidedly dull of sale at quotations in table. PROVISIONS-In the market for N. C. cured Bacon we notice a firmer feeling during the past week, and it closes at a shade higher prices. The receipts for a few weeks have been light, though we note a moderate supply in dealers hands. We quote sales of only 8 a 10,000 ths. at 111 cents with naval stores, &c. for shoulders, 11 a 12 cents for hog round, and 12 cents Fel Schr. Hattie Ross, Poland, for Boston, by Keith & Flanrules firm, though we have no quotable change to report in previous prices; fair stock in store, and moderate demand. We quote at 83 to 94 cents for shoulders, and 103 to 114 cents | Co.; with lumber and naval stores. 1 th. for sides, according to quantity and quality .-LARD-There is an improved demand for both N. C. and Western make, and there is only a small stock on market .- | E. Hall. No change, however, in prices, and we quote sales of the former at 124 cents in kegs and bbls., and the latter at 12 cents ₽ lb .--- Pork-Nothern is in moderate stock, and the market rules steady at former rates. See table for store

SALT .- The market is very poorly supplied with Liverpool ground, and rules firm. A lot of 800 sacks was received coastwise in the early part of the week and sold at 772 cents ack, cash. See table for store prices. Alum is in modcooperage, &c.; say on lumber 90 cents to \$1 \$ M.; Tar and | crate stock, and only occasional sales are made at figures in

sales have been confined to small parcels at \$2 a \$2 25 for the former, and \$3 50 a \$4 50 \$7 M. for the latter. TIMBER-Has arrived sparingly for the past three or four weeks, and we note a fair demand for mill purposes. Only

quality. FREIGHTS-Coastwise remain unchanged. Very little produce offering shipment at present, and the market rules dull. See table for prices.

CHARLESTON, May 25 .- Corron .- The sales this forenoon reached 290 bales, at the following quotations: 8 at 8: at 94; 40 at 94; 122 at 10; 27 at 104; 27 at 103; and 59 at GRAIN. There have been no arrivals of any description during the past week. From the present state of the Corn

and Oats market, we see no cause, however, to change our former selling quotations of 98 a \$1 05 for Corn, and 58 a 60 cents for Maryland Oats. RICE.—Our last report left the market for this article in a state of excitement, prices advancing with some holders not offering but waiting for still higher rates. In this position the market remained until Thursday and part of Friday, when we quoted ordinary to fair \$4 a \$4%, and good to common prime at \$44 a \$44. Since then the demand has almost entirely ceased, buyers refusing to go on at similar prices, while holders remain firm and adhere in asking full rates.-The market, in consequence, closed yesterday at a stand

ROUGH RICE.—This article is in a similar position as Clean -there not having been any transactions during the past three or four days. We quoted prices previously at \$1 a \$1 13 % bushel. Salt.-A cargo of 5500 sacks of Liverpool ground, of re-

ent arrival, remains afloat unsold-a previous arrival of cent arrival, remains affoat unsold—a previous arrival of 3000 sacks having been disposed of at 62c. Frank. lo40 00a. c There was not much done in the way of trade last week. We advance our quotations for Flour and Wheat-both arhas ruled quiet, and prices are a shade lower; receipts light | ticles are in good demand, though the latest foreign news eports prices as slightly receding. The same news gives Cotton an upward tendency, which will have the effect prohably of raising the price a little beyond our quotations.
We learn that the proprietors of the Flouring Mill in this place were willing to pay as high as \$1 40 to \$1 50 for wheat last week .- Democrat.
